

The Enterprise Package

This tier provides midsize businesses and corporate chains (typically 25 employees or more) instant access to an exponentially growing and innovative business community, as well as to the many constituents who shape it. Your package, which comes with all of the benefits of the Standard Package, also comes with upgraded items and additional benefits, including:

Multiple & Enhanced Listings

Enterprise members can list up to four locations as separate listings within the Chamber's online and print directories. Plus, all of the online listings are able to be enhanced with embeddable photos, videos, HTML elements, and more.

Mentorship and Youth Engagement

With a stronger footprint in the community, your business can mentor students and engage with Staten Island's youth at Chamber job fairs, workforce initiatives, and our annual Young Entrepreneurs Academy (YEA!) class.

Room Rental and Presentation Opportunities

Once per year, Enterprise Members can utilize the Chamber's conference room for workshops, meetings, and events. Select events can be co-branded with the Chamber and reach our membership.

Interfacing with Underserved Areas

Your business will have enhanced opportunities to participate in Chamber on the Go Neighborhood Outreach and Small Business Resource Network walks, which reach underserved and underfunded areas.

More Access to Key Members

Enterprise Members gain access to decision makers in our network and have the opportunity to engage with more than 650 individual businesses and not-for profit members and their 20,000 employees. The Chamber can also facilitate the development of key relationships with community stakeholders, including business and nonprofit organizations and charities.

All of the benefits of the Standard Package are included within the Enterprise Package. A membership fee of \$1500 is required.

“The Chamber is a long-term play. If you are a business within this community, not being a member of the Chamber is just silly.”
